

DESCRIPTION

LED Gas Station Canopy Light is an ideal solution for budget-friendly, canopy lighting. It can be used in commercial buildings, parking lot structures, gas stations, secure entryways, exterior canopies and many other applications. When replacing up to 400W MH, it can save about 86% of energy. Excellent heat dissipation structure design features and precision optical design provide a good lighting effect with a lifetime of up to 50,000 hours accompanied by excellent optical performance.
